

103 PLANTERS DIVE | DARLINGTON, SOUTH CAROLINA 29532

Financial Policy

Financial Arrangements:

- We expect payment from our patients at the time of the visit regardless of dental benefit coverage. We accept cash, Visa, Mastercard and Care Credit (a dental credit card).
- You have the most important role in controlling your dental care costs. If you practice prevention, you will gain the benefits of good oral health and- smaller dental bills.
- Payment in full is due at the completion of treatment. For more costly procedures like crown and bridge work a deposit may be required for the appointment with the balance being paid at the next two appointments.
- Patients that are scheduling restorative work for the first time will be required to pay half of their payment when the appointment is scheduled and the balance the day of the appointment.
- For patients that are interested in financing the dental treatment they can apply for Care Credit

Dental Benefit Plans:

- We promise to base your treatment on your dental needs not your insurance policy.
- Although you have dental insurance coverage. some procedures may not be covered. A deductible or co-payment may be required. Our business manager will be happy to review your benefit coverage with you if you bring your policy guideline booklet to your appointment.
- Your level of insurance coverage is determined by the policy your employer selects. If you think your coverage is insufficient, you may wish to address this with your employer.
- You are the most important person regarding your health.
